July 22, 2020

Dear Valued Monomer Customer,

Lucite International Inc. is announcing the following price increase for August 2020. This increase is driven by continued global tightening and cost increase of a major raw material as well as strong unforecasted customer demand.

Effective August 1, 2020, the off list selling price will increase per the following:

Methyl Methacrylate Monomer (MMA)	\$0.035/lb
Methacrylic Acid (MAA)	\$0.035/lb
Ethyl Methacrylate (EMA)	\$0.035/lb
2-Ethyl Hexyl Methacrylate (2-EHMA)	\$0.035/lb

Your account manager will contact you shortly to review these price adjustments and the drivers making this increase necessary.

Best regards,

Alan Ledger
National Sales Manager, Monomers
