Dear Sir/Madam:

Roehm America LLC (“Roehm”) regrets to inform you that as a result of Roehm’s inability to obtain raw materials necessary for production, it has become impossible for Roehm to meet all or some of the quantities of product currently deliverable to you. Accordingly, Roehm must declare force majeure concerning its supply of Methyl Methacrylate (MERACRYL MMA) and Methacrylic Acid (MERACRYL GMAA), effective January 23, 2021.

Roehm understands the impact on you, our valuable customer, and will use our best efforts to return production capacity to normal levels as quickly and safely as possible. Your Roehm sales manager will contact you to discuss the specific impact this event will have on supply availability, including expected duration and allocation.

Thank you in advance for your cooperation in this matter.

Best Regards,

Grant LaFontaine

About Röhm With 3,500 employees and 15 production sites worldwide, Röhm is one of the world’s leading manufacturers in the methacrylate business. The medium-sized company with branches in Germany, China, the USA, Russia, and South Africa has more than 80 years of experience in methacrylate chemistry and a strong technology platform. Our best-known brands include PLEXIGLAS®, ACRYLITE®, DEGALAN® and DEGAROUTE®. More information is available at www.roehm.com.
