Re: Notice of Force Majeure Event

Dear Customer,

Due to circumstances beyond our reasonable control resulting from severe inclement winter weather, Huntsman International LLC and Huntsman Petrochemical LLC, for and on behalf of themselves and their subsidiaries, collectively "Huntsman", hereby notify you that we are declaring Force Majeure, effective immediately, for the supply of all products produced at the Huntsman facilities in Conroe and Port Neches, Texas.

The severe and unprecedented weather has adversely impacted our operations and has impeded our ability to obtain necessary transportation services, raw materials, and other feedstocks. The duration of these interruptions is uncertain at this time and we are continuing to evaluate the full impact of this event.

We will continue to work diligently to minimize the impact of this event and to restore full operations as quickly and as safely as possible. Your account manager will be in touch with you as soon as possible to discuss how this action will affect product availability and your orders. They will also be able to address any questions you may have.

We regret this unforeseen situation and any inconvenience it may cause you. Thank you for your patience and understanding as we work through this.

Sincerely,

A handwritten signature in black ink, appearing to read "David Ming".

David Ming
Huntsman
