

February 17, 2021

Dear Valued Customer,

Due to the unprecedented weather, energy, and logistical issues that are affecting majority of the United States, we regret to inform you that Monument Chemical must declare force majeure on all products produced at the Brandenburg, KY facility, effective immediately.

We are currently assessing the situation to determine how much impact this will have on our production and logistics. We will continue to keep you informed on any changes that arise.

Please contact your Monument sales representative to answer any questions you may have regarding this force majeure.

As always, we appreciate your patience and working with us through this difficult time.

Sincerely,

A handwritten signature in black ink that reads "Dan Malone".

Dan Malone
