Subject: Glacial Acetic Acid (GAA) - Force Majeure Event

Dear Valued Customer,

We regret to inform you that due to a mechanical failure in our carbon monoxide supply system, we have reduced the production of GAA at our La Porte, TX plant. Accordingly, we must declare a force majeure event for GAA, effective immediately.

We are currently evaluating the impact of this event on our production capability. Additional information will be provided once we have assessed our ability to supply. Though the extent of the impact has not yet been fully defined, we are issuing this notification as soon as possible to ensure that you are aware of the situation. We will be contacting you regarding product availability once more details are identified.

As always, your account manager is available to address any questions or concerns you may have regarding this force majeure event. We value the trust you place in us as a supplier and we apologize for the inconvenience this may cause you.

Thank you for your understanding and patience.

Regards,
